- Libraries & Tools: Zustand, React Query, React Router, MUI, Bootstrap, Chakra UI, Firebase, Git
- Principles & Patterns: SOLID, MVC, Repository-Service Pattern, Clean Code
- Other Tools: Postman, Elasticsearch, Pusher, MySQL, REST APIs, Payment Integration

Experience

Full Stack Developer

ZORBA Company — Mar 2025 – Present

- Developed and maintained full-stack web applications using Laravel and ReactJS.
- Implemented advanced features including: payment integration, Elasticsearch for high-volume data, real-time chat & notifications.
- Collaborated within a team to design scalable and maintainable solutions.

Back-End Developer

Mshwar (Tourism Website) — Oct 2024 – Mar 2025

- Built the entire back-end using Laravel.
- Developed features for managing tourist content and site structure.
- Note: Project is proprietary and not publicly available.
- Website: <https://mshwar.sy>

Freelance Full Stack Developer

The Magic of The East — Jul 2024 – Nov 2024

- Built a web app for a furniture warehouse (Laravel + ReactJS).
- Implemented product tracking, customer purchase history, warehouse expenses, and admin views.
- Website: <https://sehr-alsharq.sy>
- GitHub: <https://github.com/Omarmidanii/The-Magic-of-The-East>

Full Stack Developer (Volunteer)

Syrian Red Crescent — Apr 2024 – Aug 2024

- Led front-end development and assisted with back-end.
- Developed tools to manage transactions between donors and warehouses, generate reports, and support mobile access.
- Project frozen due to war.
- GitHub: <https://github.com/Ahmadkadoura/swis>

Problem Solving & Competitive Programming

- Solved over 1500+ problems on platforms like Codeforces, Atcoder, and Leetcode.
- ACM Contest: Bronze Medal, 9th place at Damascus University Local Contest.
- Coach for algorithmic problem solving and competitive programming.

Education

- Bachelor of Artificial Intelligence — Damascus University (2021 – Present)
- Diploma in English — New Horizons Center (2020 – 2021)

Certifications
